

CCAS-PP-02U

19-inch 2U cable management panel for CCSS and CCSW cabinets

2U high cable management panel, dedicated to 19-inch RACK cabinets of the CCSS (standing) or CCSW (wall-mounted) series. It allows for organizing and securing patch cords in a telecommunications cabinet. The cable management panel enhances the clarity of the telecommunications installation, significantly facilitating subsequent maintenance work.

Technical specifications
