

WP45X4523

MOSAIC standard

2-module surface mounting box

2-module surface mount box, part of a modular socket system. Made of plastic, it allows mounting adapters with dimensions 22.5 x 45 mm and 45 x 45 mm. The modular socket system can also be integrated with electrical sockets.

Technical specifications

2-module surface mounting box

Color	RAL 9010
Operating temperature	- 5 °C/ + 45°C
Mounting hole dimension	For frame with mounting bracket 45 x 45mm (2M)
Type	Surface mount box
Dimensions	82 x 82 x 42 mm
Material	High-quality plastic construction

MOSAIC, or one standard

The MOSAIC standard is a standardized size of 2x2 inches, or approximately 25x25 mm. Surface-mounted or concealed elements included in the so-called 'white assembly', such as LAN, electrical, and multimedia elements like electrical sockets, telecommunications adapters, or multimedia modules, are made in this standard. This standardized size ensures that the adapter will fit most supports mounted in frames as well as in trunking in surface installations.
