Electrical socket without interlock 2x230V white

Color	white
Number of outlets	2
Panel dimension	2 x 45 x 45mm (4M)
Mounting	in a mounting frame
Current rating	16A
Connector	2x 230V grounded power socket

MOSAIC, or one standard

The MOSAIC standard is a standardized size of 2×2 inches, or approximately 25×25 mm. Surface-mounted or concealed elements included in the so-called ‘white assembly’, such as LAN, electrical, and multimedia elements like electrical sockets, telecommunications adapters, or multimedia modules, are made in this standard. This standardized size ensures that the adapter will fit most supports mounted in frames as well as in trunking in surface installations.
